### Description

The Quintrex 360 Wanderer is the biggest in its series and a ripper little rig for sneaking into the spots others cant reach. Built for creeks, rivers and dams, its shallow draught lets you glide through tight mangroves and skinny water with ease, opening up those hidden fishing holes. Light, simple and super practical, its an ideal car-topper you can throw on the roof and head off without the hassle of a big trailer. Easy to handle, easy to launch, and perfect for a quick fish whenever the opportunity pops up.
