Description

IN STOCK NOW - 610 TERRITORY LEGEND - ON SALE JUST ADD YOUR SOUNDER OF CHOICE!

Just add your chosen electronics and you're ready to go! The Quintrex 610 Territory Legend is built for fishos who want one serious rig that can do it all - from inshore casting to pushing offshore when the weather's right. If you're chasing space, stability, and the freedom to fish 360 without getting in each other's way, this centre console layout is exactly what you want.

With the Yamaha F150 on the back, you've got the power to travel further, carry gear, and handle longer days without stress. The 280L fuel capacity is a big one - it opens up range for proper trips, not just quick sessions. Add in the live bait tank, casting platform, and offshore safety gear, and it's built to fish hard.

Simple - if you want a tough, versatile, no-compromise fishing rig that's ready for serious use, this is it.
