Description

IN STOCK NOW- 610 TRIDENT SOFT TOP - ON SALE TAKE \$10K OFF ME!

The Quintrex 610 Trident Soft Top gives you serious offshore capability and is built for people who actually use their boat! If you're chasing pelagics, working reefs, or planning full days out wide, this hull gives you the confidence to handle proper bluewater conditions. It's tough, stable, and designed to go further with that 200L fuel tank backing you up. At the same time, it's not a stripped-out fishing rig. The lined cabin, carpeted floor, and bimini with clears make it comfortable enough for family cruising, so you can use it more often, not just on hardcore fishing trips. This one also makes sense because it's already dialed in. Garmin 8412xsv, drum winch, bait station, deck wash - all the gear you'd want is done. With the Yamaha F150, you've got reliable, efficient power to match the hull. Simple - if you want a boat that can fish hard and still keep the family happy, this is it.
