Yamaha's F150 Digital and Mechanical Control outboards now feature integrated steering systems, combining power, reliability and control.

Choose from Integrated Electro-Hydraulic Steering or Integrated Hydraulic Steering, housed neatly within the engine bracket. This results in a simple and clean rigging set-up, and an uncluttered console area, while exposing less components to the elements for improved long term durability and reliability.

Available in signature Yamaha grey and pearlcrest white, the F150 model line-up brings a new level of next-generation boating.
