

## Quintrex F390 Explorer - HULL ONLY for sale online prices

\$4,018 - HULL ONLY

### Description

The Quintrex F390 Explorer is built for Australian fishos who need a reliable, no-frills hull that delivers exceptional performance on the water. Designed with the Fighter Series hull, it features wider chines than traditional v-nose punts, providing unmatched stability at rest perfect for standing casts or moving around without tipping concerns.

The sharper entry point on this hull isn't just for show; it delivers a smoother, softer ride, even in choppy conditions. This makes the F390 Explorer a fantastic choice for tackling estuaries, rivers, and sheltered bays. The open layout is spacious yet simple, offering plenty of room to store your gear or set up for your next catch.

Whether you're chasing barra in the Top End or cruising southern waterways, the Quintrex F390 Explorer combines versatility, stability, and a ride quality that makes every trip enjoyable. Its tough, lightweight design ensures easy handling on and off the water, making it the ultimate companion for any adventure.
